V. Committee Member Updates:

- **Improving Access and Empowering Self-Advocacy**

- Mr. Scott Loder shared a recent experience advocating for a Deaf patient within a hospital system. Equipment requested to support communication access was denied due to confidentiality and cybersecurity concerns. Mr. Loder expressed

frustration with the lack of institutional awareness and sensitivity, and asked for support in identifying best practices and advocacy approaches.

- A group discussion followed about the need to improve self-advocacy among Deaf individuals and educate service providers. Members expressed interest in hosting workshops for both Deaf and hearing communities on legal rights, interpreter request procedures, and ADA-compliant communication.
- The committee discussed creating a referral list of Deaf-friendly providers and institutions with existing knowledge of working with the Deaf and Hard of Hearing. Harley Orthodontics and CHI Emanuel were named as examples.

- **Recruitment and Training of ASL-Fluent Providers**

- Mr. Loder suggested potential incentives for behavioral health professionals to become ASL-fluent or pursue interpreter training. He also proposed contacting DHHS about loan forgiveness or tax credit programs for providers with relevant qualifications.
- Ms. Yodogawa-Campbell and others expressed interest in outreach to universities like Gallaudet, NTID, and CSUN to recruit ASL-fluent therapists or encourage Nebraska licensure.
- Committee members also discussed the potential for interpreter trainings specifically focused on mental health terminology, trauma-informed communication, and emotional boundary setting. The possibility of a certified specialty track was brought up.

- **Community Engagement and Mental Health Awareness**

- Ms. Stradinger shared updates on the NABOA Deaf Night Out project and suggested incorporating short mental health awareness segments into these community events. Mr. Loder suggested presenting statistics on mental health in the Deaf community and normalizing access to care.
- Ms. Meyer emphasized the importance of educating both individuals and family members, including public service announcements on accessible services like the 988 crisis line with ASL support. She also recommended partnering with TV and radio services that are federally required to offer free community service messaging.
- The committee expressed interest in developing a recognition system for Deaf-friendly businesses and providers. This could include website listings or in-office signage, with categories such as dental, vision, hospitals, etc.

- **Behavioral Health Resources and Website Updates:**

- Ms. Yodogawa-Campbell confirmed that the behavioral health provider list on the agency's website is outdated and under review. She expressed the goal of removing the list in favor of directing individuals to verified, accessible, and ASL-fluent providers or resources. A new webpage format is being developed in collaboration with Ms. Couture.

- **Membership, Quorum, and Meeting Format Discussion:**

- Due to ongoing challenges with achieving quorum, committee members discussed strategies to increase attendance, including:
 - Hybrid meeting options (in-person with Zoom access)
 - Recruiting rural and western Nebraska members
 - Revisiting bylaws regarding member absences
 - Adding new members pending board approval
 - Ms. Meyer announced that she plans to retire at the end of the 2025–2026 school year. Ms. Stradinger and Ms. Meyer discussed contacting Abby from ESU-7 as a potential replacement, as she is hard of hearing and located in Omaha.
