RE: 2014 Annual Activities Report

Enclosed is the Nebraska Commission for the Deaf and Hard of Hearing’s annual activity report for 2014. Our mission is to bring a higher quality of life to the estimated 167,000 Deaf and Hard of Hearing citizens of Nebraska. We primarily address communication barriers since effectively acquiring and communicating information are the greatest barriers faced by individuals with hearing loss.

The Commission’s 2014 highlights include:
- Advancement of Legislative Resolution 517 regarding Sign Language Interpreters
- Deaf and Hard of Hearing Awareness night at the Lincoln Saltdogs game
- Collaboration with Nebraska Medicine and Creighton University on communication access enhancement
- Work on Legislative Resolution 574 to examine communication needs in residential facilities for Nebraskans who are Deaf and Hard of Hearing
- “Office for the Week” in Scottsbluff, Nebraska
- Enhanced Social Media and website use

Our other roles include advocacy and the promotion of increased accessibility to services statewide. The Commission serves as a clearinghouse of information for hearing loss related matters. The number of requests for information, interpreter referrals and equipment programs continue to increase. Since we are a service-oriented agency, we also respond to questions from other agencies regarding the Americans with Disabilities Act and other laws that impact Deaf and Hard of Hearing Nebraskans and those who serve them. We make every effort to continue our public service commitment to the State of Nebraska.

Sincerely,

Mr. Michael Brummer  
Chairperson

Executive Director, John Wyvill

I am very blessed to work with an outstanding group of individuals who have devoted their careers to improving the lives of the Deaf and Hard of Hearing. It is an honor and privilege to say I work with such extraordinary individuals on a daily basis. Working together we have helped people to better communications. Today we present our annual report to the people of Nebraska showing how we made a difference in 2014 by transforming the NCDHH Board vision into a reality on a daily basis. Please join us in the celebration of our accomplishments in 2014 and join us in the hope, promise and expectation of greater things to come in 2015 at NCDHH.

Moving forward, every person, every day.

Highlights

LR 517: In the Spring of 2014, NCDHH began working with stakeholders and those within the community on Legislative Resolution 517. The goal of this is to improve the quality, availability, and proficiency of Sign Language Interpreters in Nebraska. What started as an Interim Study has now become a Legislative Bill within the legislature. Through meetings and research with workgroups such as Education, Interpreter, Community/Medical, and Licensure, a compiled list of recommendations was sent to the NCDHH Full Board of Commissioners. Approved by the Full Board, these recommendations were then submitted to the legislature by Senator Ken Haar and a bill was filed.

Full Board Appointment of Dr. Frank Turk: In June of 2014, NCDHH welcomed Dr. Frank Turk onto the Full Board of Commissioners. Dr. Turk has long been an influential figure in the Deaf community; founding two successful camps: Youth Leadership Camp (YLC) and the National Leadership and Literacy Camp (NLLC).

LR 574: Senator Colby Coash introduced Legislative Resolution 574 as an interim study to examine the needs of Nebraskans who are Deaf and Hard of Hearing in residential facilities, such as nursing homes, assisted living, or a developmentally disabled home.

Nebraska Medicine: NCDHH met with Flower Nunez of Nebraska Medicine and other Nebraska Medicine representatives to discuss ways to improve communication access for Nebraskans who are Deaf or Hard of Hearing in the medical setting.

Saltdogs Game: NCDHH worked with Lincoln Saltdogs President Charlie Meyer to create a Deaf & Hard of Hearing Awareness night at a home game in July of 2014. To raise awareness, there was a “Silent Inning” in which an inning of the game was played with no music, commentary, or announcements from the press box. Board Chairman Michael Brummer threw out the game’s first pitch, and there was an informational booth highlighting NCDHH’s services. Gary Theiler signed “Take Me Out to the Ball Game” during the 7th Inning Stretch. A great time was had by all, and it is our hope at NCDHH to continue this as a tradition each year!

Facebook: Social media is a crucial part of agency awareness and promotion with the community. The NCDHH Facebook page is constantly being updated with the latest news relating to the Deaf and Hard of Hearing community. Whether it be a new “Boss of the Month,” a video in American Sign Language, or an interesting article in the paper, it is our duty as a state agency to keep the general public informed. Our Facebook page is constantly growing with more individuals and agencies tuning in to the latest news from our corner!
Scottsbluff: In June, some of the NCDHH team made the trip out west to Scottsbluff, Nebraska to make Scottsbluff the “Office for the Week.” During the week there were Support Groups for Deaf and Hard of Hearing residents in the area, training at the Scottsbluff Police and Fire Department, and a Town Hall Meeting for feedback on improving the quality and availability of sign language interpreters in the area.

Creighton: NCDHH and representatives of Nebraska Association of the Deaf met with Father Lannon, President of Creighton University to discuss ways of enhancing the relationship and betterment of Deaf and Hard of Hearing students at Creighton.

Continuation of BOTM: The “Boss of the Month” at NCDHH is still going strong, in its second year of certificates for influential, educational, and involved members within the Deaf and Hard of Hearing community. If you know of someone deserving recognition, please contact John Wyvill at john.wyvill@nebraska.gov

Deaf History/Awareness week: In the months of April and September, NCDHH helped celebrate Deaf Awareness and Deaf History week throughout Nebraska. These weeks are dedicated to the awareness of deaf culture and history, and are a special time at NCDHH to continue to strive for our agency mission: promoting and advocating for Nebraskans who are Deaf and Hard of Hearing.

Proclamation: In conjunction with Deaf Awareness Week, NCDHH attended the Proclamation at the State Capitol where (former) Governor Dave Heineman proclaimed Deaf Awareness week for September 21-27th, and Sign Language Interpreter Day being September 21st.

NAD Conference: Executive Director John Wyvill attended the 2014 National Association of the Deaf Conference in Atlanta, Georgia.

Hearing Aid Bank/Dr. Ray: Audiologist Dr. Stacie Ray was featured in the Lincoln Journal Star about detecting early stages of hearing loss with children. Dr. Ray was featured as a Boss of the Month for March, and is the administrator of the Sertoma and Lions Hearing Aid Banks.

2014 Staff Hires

Mrs. Kelsey Cruz was hired in February of 2014 as the Public Information Officer for the agency; tending to media relations and creating awareness to the public about the agency mission.

Ms. April Guthrie was hired in August of 2014 as a Field Representative serving the Tri-City area of Nebraska.

The Nebraska Sign Language Interpreter Referral Service can be contacted by phone through our local Lincoln number (402) 471-3593 or through the toll free number, 1-800-545-6244. Requests to obtain an interpreter can also be made electronically through our web page located at www.ncdhh.ne.gov. An after-hours emergency interpreter list is available on our web page as well. The process to contact an interpreter begins with the highest skilled interpreters being contacted first, based on the geographical location of the assignment.

The chart below reflects, in 2014, the number of interpreters requested, the number of hours requested, and the number of hours filled through our Interpreter Referral Service.

This chart references the number of hours of interpreting services filled by service categories in 2014. NCDHH continues to see an increase in demand in several categories, specifically in the medical and university/college categories. Public service providers have the ability to contact interpreters directly for services by using NC-DHH's online listing.
Filled Interpreter Request Hours by Region

The chart below gives reference to the number of hours that were filled through the NCDHH Referral Service. This data does not reflect the total number of hours interpreted in Nebraska. Because sign language interpreters are regarded as independent contractors, they are able to market their services outside of NCDHH’s Referral Service.

Unfilled Interpreter Request Hours by Region

The chart below gives reference to the number of hours that went unfilled through the NCDHH Referral Service.
Nebraska Telecommunications Relay System, TRS

The Nebraska Telecommunications Relay System (TRS) provides full and simultaneous communication between a person who is Deaf or Hard of Hearing and the public using specialized and conventional phone equipment. Sprint Relay provides this service to Nebraska. For more information about this service, please visit www.sprintrelay.com or www.nebraskarelay.com or call (800) 676-3777 V/TTY.

The Public Service Commission administers the relay system with the advice of a seven-member committee appointed by the Nebraska Commission for the Deaf and Hard of Hearing. The service is funded annually beginning July 1 of each year. For fiscal year July 2013-14, the surcharge was between $.02 and $.03. The surcharge is assessed on a per access line or functional equivalent line basis, including wireless and Voiceover Internet Protocols, VoIP, customers statewide.

The chart below shows the number of Relay minutes used for each month of 2014. The total number of minutes of Relay System use, 119,447, reflects the number of phone calls made through the system, 51,494.
The Public Service Commission administers a statewide voucher program for the provision of specialized telecommunications equipment for qualified Deaf, Hard of Hearing, Deaf-Blind or Speech-Impaired persons. The value of the voucher is limited to $1,000 per household. Vouchers are available to qualified residents of Nebraska over the age of three who demonstrate the ability to use the equipment and have telephone service. Applications are available through the Nebraska Commission for the Deaf and Hard of Hearing.
The Nebraska Commission for the Deaf and Hard of Hearing maintains a media center offering books and videotapes related to Deafness, interpreting and hearing loss. A listing of materials is available on the Commission’s web site. Materials can be borrowed for up to five weeks. Requested materials can be mailed to any Nebraska resident living outside of Lincoln, with the understanding that they are responsible for the return postage.

The NCDHH Media Center is a unique resource used primarily by those wishing to learn more about sign language. We are Nebraska’s resource for materials in regards to sign language and those who use it. Students learning sign language and their instructors represent the majority of users of the Media Center. The Media Center covers many aspects of sign language, basic to advanced sign language skill building techniques, history of Deaf culture, interpreting, and entertainment in sign language.

NCDHH continues to make investments in our Media Center. Deaf culture, history, cochlear implants and interpreter resources are some recent areas of focus. NCDHH continues to be Nebraska’s best resource for information related to Deafness, hearing losses and their impact on society and individuals.

The NCDHH Media Center was used 129 times in 2014.

Equipment Loan Program

NCDHH loans or provides TTYs, Pocketalkers, and Amplified Phones to individuals, agencies, organizations and businesses that employ or serve Deaf and Hard of Hearing people.

In 2012, NCDHH began the process of designing an online tracking tool for equipment available through the NCDHH Equipment Loan Program. NCDHH completed the design, transferring functionality and data in 2013. This new online tool enables staff to quickly respond to equipment requests and streamlines the inventory process.

NCDHH continues to refer clients to AT4ALL, a program under the Nebraska Department of Education, for more permanent solutions to equipment needs. AT4ALL can be accessed online at www.at4all.com.

In 2014 NCDHH was able to loan:

57 Assisted Listening Devices
55 Amplified Phones
7 Teletypewriters (TTY)
Hearing Aid Banks

The Sertoma Hearing Aid Bank is a cooperative effort of the Sertoma Speech and Hearing Association of Nebraska, the University of Nebraska-Lincoln Speech and Hearing Clinic and NCDHH. The purpose of this hearing aid bank is to serve individuals age 65 and older.

The Lions Hearing Aid Bank is the cooperative effort of the Nebraska Lions Foundation, the University of Nebraska Medical Center and NCDHH. This hearing aid bank serves people under the age of 65.

NCDHH coordinates all hearing aid bank referrals and processes the applications in accordance with guidelines established by the Lions and Sertoma Clubs. NCDHH approves applications, informs applicants of the necessary testing and fitting procedures and assists the applicants in the overall process.

NCDHH Online

For over 15 years NCDHH has maintained a website, sharing information and resources with our stakeholders: online and available at any time. In 2014, the NCDHH Full Board of Commissioners recently approved a new design, style, and layout of the website to make navigating more user-friendly. Whether you are searching for yourself, a friend or family member, the website is designed to narrow your search with resource tabs titled Deaf, Deaf-Blind, Hard of Hearing, Sign Language Interpreters, Professionals in the Hearing Loss field, and Parents.

Our website is also a direct link to our Interpreter Referral Service. Through this program, individuals or businesses seeking an interpreter can access the On-line interpreter request form- either via e-mail or phone. There are also options for the after-hours emergency list, court related requests, and Video Remote Interpreting.

NCDHH on Facebook

Our Facebook page is a very important part of our agency as it is a key piece to notifying and informing our stakeholders, Deaf and Hard of Hearing community and general public of news, happenings, and information related to NCDHH. In the beginning of 2014, the NCDHH Facebook page had 318 “Likes” from around the world. At the end of 2014, our Facebook page now has 587 “Likes”.

On our Facebook page you will find posts with other stakeholders affecting the Deaf and Hard of Hearing community, informational links, and pictures of the NCDHH Staff in action. There are also videos posted in American Sign Language (ASL).
Registry Information

The Nebraska Commission for the Deaf and Hard of Hearing conducts a statewide voluntary census of Deaf and Hard of Hearing individuals. The numbers listed for each county indicate the number of Deaf and Hard of Hearing Nebraskans located in each county. In Nebraska, 1% of the population are deaf. The voluntary census total number of Deaf, Hard of Hearing and Deaf-Blind individuals for the entire state of Nebraska is 10,633.

As provided in the originating legislation, the Nebraska Commission for the Deaf and Hard of Hearing conducts a statewide, voluntary registry of Deaf and Hard of Hearing Nebraskans. The information provided by this registry assists in the planning of services. Registry cards are made available to speech and hearing centers, hearing aid dispensers, hearing aid bank applicants and nursing homes. The cards are also available at the Commission offices, or can be completed online.

Continuing efforts are made to generate awareness among all Deaf and Hard of Hearing Nebraskans of the registry and urge their participation. A breakdown of the current registry data by county follows.

NCDHH provides opportunities to enhance skills and knowledge for anyone interested in learning more about sign language. Resources and materials can be found through our free Media Center and our website.
Quality Assurance Screening Test (QAST) Performance Evaluations

The Quality Assurance Screening Test, QAST, provides an assessment of an interpreter’s expressive and receptive skills in the areas of interpreting and transliterating. The written portion of the test measures their knowledge of the Code of Ethics and general interpreting aptitude. The chart displayed below references the results of testing administered by NCDHH in 2014.

This information assists NCDHH in determining whether an interpreter is qualified and is used by our agency for referral to outside agencies. The level assigned to the interpreter and feedback from the evaluators assists the interpreter in selecting workshop training and independent study relevant to their particular weaknesses.

Level 5 is the highest rating and is considered an “Accomplished Level” in which there are no restrictions. Most interpreters achieve level 2 or level 3. Level 3 is the minimum qualification for Nebraska Interpreter/Transliterator Licensure. Interpreters holding a Level 2 qualify for a Nebraska Provisional Interpreter/Transliterator license.

The Nebraska QAST Performance Test was enhanced in 2013, enabling applicants to be rated I through V with a single stimulus. Prior to the improvement, applicants were given the option to test using a “novice/intermediate” or “advanced” stimulus.
Mental Health, Alcoholism and Drug Abuse Training Programs

The Nebraska Commission for the Deaf and Hard of Hearing (NCDHH) Mental Health Specialist performs the following:

1. Monitors and provides advice to mental health and substance abuse programs providing treatment to Deaf and Hard of Hearing individuals.

2. Coordinates intervention/prevention and training programs to consumers and programs that serve them, educators, interpreters and general public about mental health and substance abuse disorders.

3. Advises and guides program service providers and representatives of community based organizations on program service questions.

4. Coordinates and oversees the Mental Health Advisory Committee for Deaf and Hard of Hearing people.

5. Ensures full access to comprehensive mental health, alcoholism and substance abuse services for Deaf and Hard of Hearing persons by collaborating with Nebraska Department of Health and Human Services (HHS) and other providers.
Mental Health Awareness Programs

The mission of the Nebraska Commission for the Deaf and Hard of Hearing’s Mental Health services is to “assist providers, consumers and the general public in promoting accessible mental health and alcohol/drug services for Deaf and Hard of Hearing citizens in Nebraska.”

Serving the mental health needs of the Deaf and Hard of Hearing individuals population presents special challenges. Cultural and communication issues that arise present problems for general service delivery professionals, who do not have the background, experience or the assessment tools necessary to effectively serve this population.
