RE: 2018 Annual Activities Report

Dear Governor Ricketts:

Attached you will find a report summarizing the achievements of the Nebraska Commission for the Deaf and Hard of Hearing (NCDHH) in 2018. On behalf of the Full Board, I am pleased to report the Commission and its staff did great work to serve citizens of Nebraska.

In 2018 NCDHH served more than 7,000 Nebraskans all across the state. Some of the notable 2018 highlights include:

- Assisting parents statewide in interacting with local schools regarding education for students who are Deaf or Hard of Hearing;
- Participating in the creation of a new Council of Organizations who Service the Deaf and Hard of Hearing to improve teamwork among the diverse entities which advocate for Nebraskans who are deaf or hard of hearing;
- Assisting multiple law enforcement agencies on interaction with deaf and hard of hearing individuals;
- Collaborating with Nebraska hospitals to improve access to health care for Nebraskans who are Deaf or Hard of Hearing;
- Hosting Grand Island and Kearney Town Hall Meetings;
- Created an interpreter conference: 'Creating Connections, Building Bridges—Together'; and
- Collaborating with Marcus Theatres Lincoln Grand Cinema on an open captioning pilot program.

The annual report sets out in more detail on these achievements and also provides other information on our work to improve the lives of all Nebraskans by increasing the access to communication and society for those who are Deaf, Deaf-Blind or Hard of Hearing. We are proud of the Commission's achievements in 2018 and are looking forward to an even better 2019 serving the citizens of our state.

Sincerely,

State Statutes

The following is a partial listing of services mandated by Nebraska Revised Statutes:

1. **Inventory services available for meeting the problems of persons with a hearing loss and assist such persons in locating and securing referral to such services.** Services that the Nebraska Commission for the Deaf and Hard of Hearing offers include hearing aid banks for individuals with financial needs; text telephones (TTYS) and assistive device loan programs, newsletters and making information available to the general public regarding hearing loss.

2. **License interpreters under N.R.S. § 20-150 to § 20-159 and prepare and maintain a roster of licensed interpreters.** The roster shall include the type of employment the interpreter generally engages in. The roster is made available to local, state and federal agencies and is used for referrals to private organizations and individuals seeking interpreters.

3. **Promote the training of interpreters for Deaf and Hard of Hearing persons.** NCDHH conducts skill assessments of interpreters by using the Mid-America Quality Assurance Screening Test (QAST). NCDHH sponsors workshops and other learning opportunities in cooperation with the Registry of Interpreters for the Deaf (RID), the national association of sign language interpreters.

4. **Assist Deaf and Hard of Hearing persons in accessing comprehensive mental health, alcoholism, and drug abuse services.** A Mental Health Specialist provides assistance, education, and training to mental health therapists regarding Deaf and Hard of Hearing individuals’ communication needs. A five-member advisory committee reviews the activities of programs quarterly.

5. **Conduct a voluntary census of Deaf and Hard of Hearing persons in Nebraska and compile a current registry.** NCDHH makes an effort to identify Deaf and Hard of Hearing Nebraskans throughout the state via online registration, mailings and interaction.

6. **Promote awareness and understanding of the rights of Deaf and Hard of Hearing persons.** The Americans with Disabilities Act (ADA), passed by the federal government in 1990, protects qualified individuals with disabilities from discrimination on the basis of disability. To promote understanding and awareness regarding hearing loss, NCDHH provides presentations, distributes information through fairs and conventions, conducts sensitivity training, such as workshops, and develops informational brochures.

7. **Promote expanded adult educational opportunities for Deaf or Hard of Hearing persons.** NCDHH partners with agencies and service providers at major events to expand adult education opportunities including seminars on national issues, technology and various training opportunities.

8. **Promote statewide communication services for Deaf and Hard of Hearing persons.** NCDHH drafted legislation that established the statewide telecommunication relay system and the equipment distribution program. NCDHH works in tandem with the Public Service Commission to provide free specialized telephone equipment to Deaf and Hard of Hearing Nebraskans. NCDHH also offers sign communication classes to state agencies.

Consumer Outreach

NCDHH is mandated to act as an information and referral service for Nebraskans who are Deaf or Hard of Hearing. The chart below depicts some of the different avenues we have served consumers in 2018. Our teammates work across the state assisting Nebraskans through meetings, appointments, educational and training presentations, attending conferences, marketing outreach and more. Examples of some of our team at work are below:
The charts below give reference to the number of interpreter hours that were filled and unfilled through the Commission’s Referral Service. This data does not reflect the total number of hours interpreted in Nebraska; Sign language interpreters are regarded as independent contractors and are able to market their services outside of the Commission’s Referral Service.

Filled Interpreter Hours by Region

- Lincoln: 3,578.75
- Omaha: 1,233.50
- Greater Nebraska: 132

Unfilled Interpreter Hours by Region

- Lincoln: 1,080
- Omaha: 619.25
- Greater Nebraska: 124.25
The Sign Language Interpreter Referral Service is administered by NCDHH. A request is made via telephone or electronically (ncdhh.referral@nebraska.gov) to obtain a sign language interpreter. The process to request an interpreter begins with the highest skilled interpreters being contacted first based on the geographical location of the assignment. The chart below reflects, in 2018, the **number of interpreters requested, number of hours requested, and number of hours filled** through our Interpreter Referral Service.
The State of Nebraska offers the Nebraska Specialized Telecommunications Equipment Program (NSTEP). The goal of this program is to provide monetary assistance to those with disabilities to use the financial assistance for the purchase of specialized telephone equipment such as amplifiers, signaling devices and TTYs. Applications are available through NCDHH. Our advocacy specialists work with clients to help find the technology to best meet their needs. The number of applications NCDHH processed for the NSTEP program in 2018 was: 331

NCDHH works with the Barkley Memorial Center of the University of Nebraska-Lincoln, HearU Nebraska, Sertoma, and the Nebraska Lions Foundation to provide hearing aids to individuals who qualify. Sertoma is an international organization whose purpose is to provide service to all mankind. Sertoma provides refurbished hearing aids to individuals ages 65 and older. The Nebraska Lions Foundation promotes the collection, refurbishing and distribution of donated hearing aids to Nebraska residents ages 19-64. Applications to these programs are available through NCDHH. Below is a chart reflecting applications for both the Nebraska Lions Foundation and Sertoma that were approved and denied. HearU provides hearing aids to children ages birth-18.
